We love books!

July–December 2011

We love books!

Dear bookseller!

We are happy to present you a choice of exciting new books in our fall/winter catalogue 2011.

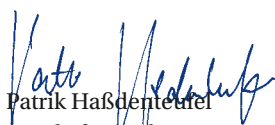

As you know we don't need hot seasons to create stunning books packed with photographs of hot men—we do it all through the year. But with the release of *Players Two* we'll make July even hotter than it usually is. The iconographic art of Rick Day is admired by gay men worldwide. His new book is the follow-up to his bestseller *Players* and since it gives you nothing but great art, we decided to go for a new dimension that perfectly matches the book's content: *Players Two* is our first release in the XXL format of 11 ¾ x 15 ¼ inches.

Our successful line of sex guides will be continued with *Blow Me!* by Stephan Niederwieser. But there's also some new stuff for all the fans of fiction: Luis Algorri's *You'll Hear From Me* is sensitive and full of passion; a story about a young student who is irresistibly attracted to his girlfriend's younger brother. This captivating book is one of the most famous novels in the history of Bruno Gmünder Publishing and is now available in English for the first time.

With *Bike Boy Rides Again* there is also a fabulous follow-up of Zack's *Bike Boy* for all those who are waiting for sexy new strip cartoons.

Naturally, there is a lot more to discover in our new catalog. Just leaf through the pages and enjoy our new layout. As you will see it's all about the one thing: Good books for gay men!

Feel free to contact us for questions or any kind of feedback! Our staff will be happy to hear from you.

Luxurious follow-up to our bestseller Players

The success of Rick Day's first photo book *Players* was enormous. Magazines from all over the world introduced his work to their thrilled readers on covers and in photo spreads. After two years of waiting we are now happy to present you the stunning sequel *Players Two* in an abundant format. This book will reinforce Day's status as an excellent portraitist of male sex appeal. We could go on emphasizing the qualities of his work—but Day's pictures are even stronger if you just let them speak for themselves.

"I wanted to blur the lines of sexuality with this project. Men and women should be able to turn the pages and lose themselves in beauty and lust."

Beautiful pictures of amazing intimacy

So far Howard Roffman created two photo books with beautiful color images of the boys of the famous East-European film studio Bel Ami. Should the third book in this collection—*Paradise Found*—be seen as the end of the artist's search for beauty? The title might suggest this; the intensity of these pictures makes it obvious that Roffman has found his fulfilment as an artist. He brilliantly captures the charm of the gorgeous Bel Ami guys in his distinctive and moving photo work. *Paradise Found* contains intimate pictures of adolescent men. A splendid paradise—with no Eva in sight!

"Like no other Roffman manages to capture images of boys, their passion and their search for tenderness behind the pose."

The magnificent male photography of Jim French

One thing is for sure: The world of gay porn wouldn't be what it is today without Jim French, the founder of legendary Colt Studio. The multi-faced styles of his movies and photo works influenced many directors and photographers. His models have always been a perfect example of hunky maleness; Jim French's pictures of them are always stunning, no matter whether he shoots them in beefy porn style or in the classic vintage look of the 50s.

Jim French Diaries illuminates the many faces of Colt Studio not only with countless photos but also with a lot of informative text revealing the exciting history behind the label.

"His aesthetic, expertise, talent, and creativity comprise a large body of singularity important works which have influenced and inspired generations for almost forty years."

Beautiful men and unique landscapes

American artist Kurt R. Brown photographs his models in the majestic settings of our nature; attractive men and unique landscapes become one in his beautiful work. His eye for color, form and staging is astounding: Brown uses his dreamy skills to take us back to the impression that man and nature are still an entity, as they used to be moons ago. Yet his pictures are far from being kitschy; they are—in two words—earthly beauty.

Intimacy unwrapped

Whenever a photographer wants to show his models completely nude he needs a lot of empathy to create an atmosphere that's free of any restraints. Dylan Rosser is perfectly capable of this as he has already proven with his photo books.

Naked is all about intimacy and encounters with men at their most vulnerable but also at her most beautiful. His style is more down-to-earth and accessible than in his last book *Red*, the pictures are striking and go under your skin.

Muscles and strength— sporty hunks, brilliantly staged

Usually most of us are way too lazy to do it as often as we should—but nevertheless sport is an essential part in the lives of many gay men; after all one wants to stay healthy and in good shape. And there's even more to it: Sport and what's associated with it—muscles, endurance and physical challenges—are a fetish for a lot of men.

The extensive anthology *Turnon Sports* is dedicated to this topic; it's a huge collection of impressive pictures, attractive and brilliantly staged by artists like Rick Day, John Gress, Domenico Cemmano, Richard Gerst and others.

Porn magazines uncovered

Long before videos conquered the market, magazines were *the* medium for gay porn. Most of them were self-published—quick and on the quiet. The cover designs were manifold: bracing on the one hand, daring on the other hand, but always entertaining. Showing not only the preferences and fads of the respective time, they also give an insight of the visual habits regarding form and design.

Heavy Traffic presents the funniest, wittiest and oddest porn covers of this era and takes us on a journey to the early years of gay erotic; a trip that insightfully illustrates the changes that our sexuality has undergone during the last decades. This selection of porn covers from the 60s, 70s and 80s is a true treasure and will not only amaze vintage fans.

Sex and masculinity—without a soft-focus

Without a doubt Michael Kirwan's illustrations are sexually charged, quite often even pretty horny—but they are also a witty distillate of gay lust and realities. It's seeing, understanding and painting: Kirwan doesn't care for soft-focus and smooth idolization of beauty; comparable to Otto Dix he rather gets inspired by mere lust than high-gloss desires. His idea of sex is not about after shave and eau de toilette, it's about sweat and hot breath.

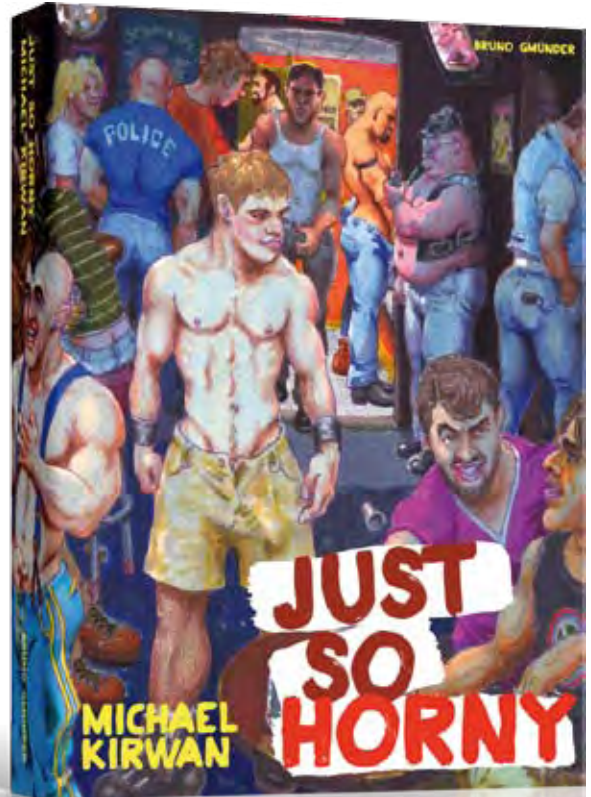

This unashamedly depiction on greedy maleness isn't something ordinary for sure, and the reader will be rewarded richly.

In memory of a gay icon

The list of artists who had major influence on the gay movement is rather short, since the movement itself is just a few decades old. But without a doubt Tom of Finland has to be included, the man whose amazing drawings tell us everything about love, lust and life of those hunks who have a good heart and live a simple life.

Tom of Finland - Life and Work of a Gay Hero is a detailed anthology which is dedicated to his body of work from its early beginnings to the last years. With many drawings, a lot of photos and an extensive biography it gives you a portrait of this unique artist, which is as many-sided and life-embracing as the artist himself.

"My whole life long I have done nothing but interpret my dreams of ultimate masculinity, and draw them."

Sexy and full of lust

A second spring for Zack! In the 70s his lustful and imaginative work was published in many gay magazines. Last year Bruno Gmünder released *Bike Boy*, a collection of extensively re-colored stories, which became a bestseller right away. No wonder after all, since Zack is not afraid to let all his fantasies become reality on paper, no matter how explicit they are.

With *Bike Boy Rides Again* he once again gives us a masterfully drawn and stunning new volume of sexy and randy adventures, two of them completely new and unreleased.

A diary of making it big in the city

In volume one of Mioki's *Side by Side* the comic artist took us on a journey into the life of Evan and Rick. Best friends since they were kids, they were seen stumbling right into a hot love affair which ended happily with big love. Meanwhile, the two cuties live together in the city. The fact that both of them have sex with other men from time to time—whether together or alone—doesn't harm their relationship. On the contrary, it heats up their passion for each other.

True love never dies

Gil Graham wanted a job in the movies but when he enters the offices of James Rosen, one of Hollywood's toughest new-style movie producers, he gets more than he had bargained for. Gil soon discovers that he has a lot of what the hunky young men working on the film want and before long he's giving it to them every way they want it. The glamorous—and sometimes not so glamorous—movie business forms the backdrop to this carnal tale acted out in Rome's sultry streets—Vice City where everything is for sale. But by the end Gil finds something more valuable than a career: true love.

Show me your cock and I'll tell you who you are!

93% of all men are into oral sex, as a German survey claims. The fact that approximately 80% of them don't know how to perform a good blow job or how to contribute to a good performance as a receiver isn't mentioned in that survey. *Blow Me!* gives you a competent introduction to deep throat; it tells you what you need to know about felching and features special tips by porn star Jan Fischer, who is widely known for performing incredible blow jobs which make his partners scream of lust. After revealing the secrets of good and relaxed anal sex in his bestseller *Bend Over!*, Stephan Niederwieser now gives us the ultimate guide to oral stimulation. Finally!

"Practical, informative, tasteful, and with a good sense of humor."
